

RESOLUTION NO. 2004-029

A RESOLUTION REQUESTING THE HONORABLE CITY MAYOR FOR THE DREDGING AND WIDENING OF THE SAN FERNANDO RIVER, CREEKS AND OTHER WATER TRIBUTARIES AND, THE CONCRETING OF THE SIDEWALKS IN THE CITY OF SAN FERNANDO, PAMPANGA

WHEREAS, the recent floods triggered by super typhoon "Marce" coupled with heavy monsoon rains that besieged the City of San Fernando, Pampanga could be primarily attributed to our shallow San Fernando River, creeks and other water tributaries which due to the passing of time and inaction resulted to their sorry state today;

WHEREAS, the tremendous damage caused by the recent Floods should have taught us the lesson that the present state of our water tributaries are incapable of containing rain waters brought about by the rainy season and their immediate dredging should be the primordial concern of this local government unit;

WHEREAS, to prevent any untoward incident of similar nature and magnitude in the future, it is imperative to undertake an immediate dredging and widening of the San Fernando River and other water tributaries in the city:

WHEREAS, to provide further convenience to the general public and subsequently enhanced beautification of the city, the concreting of the sidewalks of our newly concretized roads would also be proper;

WHEREAS, upon motion of the Honorable Jaime T. Lazatin duly seconded by all the Sangguniang Panlungsod members present,

WHEREAS, the Sangguniang Panlungsod of the City of San Fernando, Pampanga in session assembled,

RESOLVED as it is hereby resolved to request the Honorable City Mayor for the dredging and widening of the San Fernando River, creeks and other water tributaries and the concreting of the sidewalks in the City of San Fernando, Pampanga

RESOLVED UNANIMOUSLY this 8th day of September 2004.
